Dental PPO

Good news about dental benefits for employees of

Yes Prep Public Schools

Why is dental health so important?
Regular dental care does more than just improve smiles. Along with good oral hygiene, it can help you and your family lower your chances of serious health problems.

• Gum disease has been linked to a 50 percent rise in pancreatic and kidney cancer risk and a 30 percent increase in blood cell cancers.¹

• Research has shown, and experts agree, that there is an association between periodontal diseases and other chronic inflammatory conditions, such as diabetes, cardiovascular disease and Alzheimer’s disease.²

How can I get the coverage I need?
Dental insurance offers you a convenient way to get regular dental care and can possibly help prevent life-threatening health problems. And through your employer, you can get this protection at an affordable group rate.

How do I know I’m eligible to participate in this plan?
You can participate in this plan if you are a full-time employee of the policyholder or an associated company, and work in the United States. Full-time means working 20 hours or more per week. Temporary or seasonal workers are not eligible.

Key Advantages of This Plan
• Your plan includes our Lifetime of Smiles® program, with benefits many people prefer, such as brush biopsies for the early detection of oral cancer.

• Assurant® Dental Network the PPO network for your plan, includes 100,000+ unique dentists, and offers you more options to help save on fees and can make your annual maximum go even further.³

IMPORTANT:
Coverage for eligible employees will begin September 1, 2015. You must sign up by the Initial Enrollment Deadline, or forfeit the opportunity until the next plan anniversary date.

**How can using a network dentist help lower my costs?**

You are free to use the dentist or specialist of your choice. However, when you choose a dentist in the Assurant® Dental Network, your plan’s PPO network, you may save money. Using a network dentist may lower your out-of-pocket costs and can make your annual maximum go further.

The dental network for your plan includes **100,000+** unique dentists contracted with Dental Health Alliance, L.L.C.® (DHA®) and dentists under access arrangements with other dental networks. To find a dentist in your area, or to nominate your dentist to participate in our network, go to www.assurantemployeebenefits.com, select **For Members**, then **Find a dentist**, or call Customer Service at **888.901.6377**.

Dental plan provisions, limitations and exclusions

Benefit Adjustments
Benefits will be coordinated with any other dental coverage. Under the Alternate Treatment provision, benefits will be payable for the most economical services or supplies meeting broadly accepted standards of dental care. If the charge for any dental treatment is expected to exceed $300, it is recommended that a dental treatment plan be submitted to Assurant Employee Benefits for review before treatment begins.

Late Entrant Limitation
If you apply for dental insurance more than 31 days after a covered person first becomes eligible, the person is a late entrant. The benefits for the first 24 months of coverage for late entrants will be limited as follows:

<table>
<thead>
<tr>
<th>Time Insured Continuously Under the Policy</th>
<th>Benefits Provided for Only These Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 6 months</td>
<td>Preventive Dental Services</td>
</tr>
<tr>
<td>At least 6 months but less than 12 months</td>
<td>Preventive and Basic Restorative Dental Services</td>
</tr>
<tr>
<td>At least 12 months but less than 24 months</td>
<td>Preventive and all Basic Dental Services</td>
</tr>
<tr>
<td>At least 24 months</td>
<td>Preventive, Basic and Major Dental Services</td>
</tr>
</tbody>
</table>

We will not pay for any treatment that is started or completed during the late entrant limitation period.

Other Important Plan Provisions
Benefits are not payable for the following, unless such insurance is provided under the list of covered dental services:

- Treatment or an appliance which is not dentally necessary, is experimental or temporary in nature, or does not have uniform professional endorsement.
- Treatment related to procedures that are part of a service but are not reported as separate services, reported in a treatment sequence that is not appropriate or misreported or that represent a procedure other than the one reported, appliances, inlays, cast restorations, crowns, or other laboratory prepared restorations used primarily for the purpose of splinting, any treatment or appliance, the sole or primary purpose of which relates to the change or maintenance of vertical dimension, the alteration or restoration of occlusion, except for occlusal adjustment in conjunction with periodontal surgery or temporomandibular joint disorder, bite registration, bite analysis, attrition or abrasion, replacement of a lost or stolen appliance or prosthesis, educational procedures, including but not limited to oral hygiene, plaque control or dietary instructions, completion of claim forms or missed dental appointments, personal supplies or equipment, including but not limited to water pikes, toothbrushes, floss holders, or athletic mouthguards, administration of nitrous oxide or any other agent to control anxiety, treatment for a jaw fracture, treatment provided by a dentist, dental hygienist, or dentist who is an immediate family member or a person who ordinarily resides with a covered person, an employee of the policyholder, or a policyholder, hospital or facility charges for room, supplies or emergency room expenses or routine chest x-rays and medical exams prior to oral surgery, treatment provided primarily for cosmetic purposes, treatment which may not reasonably be expected to successfully correct the person's dental condition for a period of at least 3 years, crowns, inlays, cast restorations, or other laboratory prepared restorations on teeth which do not have extensive decay or fracture and can be restored with an amalgam or composite resin filling, treatment for the prevention of bruxism (grinding of teeth), treatment performed outside the United States, except for emergency dental treatment (the maximum benefit payable to any person during a benefit year for covered dental expenses related to emergency dental treatment performed outside the United States is $100), treatment or appliances at which are covered under any Workers’ Compensation Law, Employer's Liability Law or similar law (a person must promptly claim and notify us of all such benefits), treatment for which a charge would not have been made in the absence of insurance, treatment for which a covered person does not have to pay, except when payment of such benefits is required by law and only to the extent required by law.

This notice only applies to employers with 50 or fewer employees. This coverage does not include and is not required to include the pediatric dental essential health benefit as required under the federal Patient Protection and Affordable Care Act.

State variations can exist; please contact Assurant Employee Benefits for additional information.
