

## FSA Eligible Medical Care Expenses 2017

**Healthcare Flexible Spending Plan.** Medical and dental expenses that qualify as expenses for medical care under IRS rules generally qualify as Eligible Expenses for reimbursement under the Plan. Those may take the form of co-pays, deductibles, and medical expenses not covered by other insurance. Often expenses that qualify for deductions under IRS rules are Eligible Expenses, but in some instances expenses that are deductible will not be reimbursable and expenses that are not deductible will be reimbursable. Some specific examples are identified below. The following is not an exhaustive list and there are other expenses that are eligible if they satisfy the IRS rules.

**Limited Scope Healthcare Flexible Spending Plan.** Only a limited number of the following expenses are Eligible Expenses for reimbursement under the Limited Scope ME Plan. In some cases, the expenses must be for dental, vision, or preventive care. Dental care expenses are listed under the "Dental & Orthodontic Care" section. Vision care expenses are listed under the "Vision Care" section. Expenses for preventive care may be found in any of the following sections, but they must satisfy the definition of "preventive care."

"Preventive care" includes periodic health examinations (e.g., annual physicals, routine prenatal and well-child care), immunizations, tobacco cessation and obesity weight-loss programs, and screening services that are not for the treatment of an existing illness, injury, or condition. Preventive care also includes treatment of a related condition during the preventive care service or screening. Preventive Care also includes preventive drugs/medications (e.g. drugs/medications taken by a person who has developed risk factors for a disease that has not yet manifested itself or taken to prevent the reoccurrence of a disease).
